

# ***"Welcome To Our Office"***

*Since 1977*

The Miami Counseling & Resource Center ("MCRC") is a large, private Center that has been helping individuals, couples, and families in Miami for over 30 years, and we are pleased to make available our services to you and your family. Our responsibility lies in providing diagnostic and therapeutic interventions for the relational, emotional, and psychological difficulties you and/or your family are currently experiencing. We have a team that includes the following disciplines:

- *mental health counselors*
- *marriage & family therapists*
- *social workers*
- *psychologists*
- *psychiatrists*
- *nutritionists*

Our office is open six days a week with flexible hours. Your individual clinician will help coordinate treatment for you. Communication with that person is important so the following information will be helpful:

- (305) 448-8325 *Your Clinician* ext. # \_\_\_\_\_
- (305) 448-8325 *Our Front Office* ext. #       7
- (305) 448-0687 *Facsimile*
- *www.miamicounseling.com*

Because we do not offer EMERGENCY services, please call 911, the Switchboard of Miami at 305-358-HELP (4357), or go to your nearest emergency room when you are undergoing an emergency situation.

Enclosed you will find some forms that will aid us in assisting you more effectively. Please take the time to fill them out completely.

# OFFICE POLICIES

In order to ensure quality service, we offer the following policies and procedures to help you understand our Center's way of operating and to make your experience here more positive and comfortable.

## CANCELLATIONS

If you cannot attend a scheduled appointment, kindly notify us as soon as possible. Be aware that you will be charged for any appointment that is not cancelled twenty-four (24) hours in advance. Please be mindful that your treatment provider reserves an hour especially for you and may be unable to fill that time on short notice. You will be solely responsible for the full fee, since we cannot bill your insurance for a service not provided. (If you have a Managed Care plan, alternative policies may apply.)

## SESSION LENGTH

**Therapy:** Individual, couple and family therapy sessions are 45-50 minutes in length. The fee will be assessed on a prorated basis should the session exceed 50 minutes.

**Psychiatry:** Initial psychiatric evaluations are 60 minutes, follow-up medication sessions are 20-30 minutes, and therapy is 45-50 minutes.

**Nutrition:** Initial nutritional evaluations are 75 minutes and follow-up sessions are 30 minutes.

## FEES & PAYMENTS

Your hourly fee will be discussed with your individual clinician as well as with our intake coordinator. If your hourly fee has not already been established, you may discuss this with your treatment provider.

Our office prefers payment to be made by check or cash, and we also accept credit cards. **Checks are to be made to MCRC (or Miami Counseling & Resource Center).** There is a **\$25.00** service charge for a check that is returned from the bank.

Miami Counseling and Resource Center will verify insurance coverage with your insurance carrier. However, verification of benefits does not guarantee payment. Parties are responsible for the full fee due if the insurance carrier denies the claims or fails to pay the anticipated charges.

## NON-SESSION CONSULTATION

In addition to scheduled sessions, other services will be charged at the hourly rate on a prorated basis. Other services include phone consultations (e.g., with the client, family members, other professionals), report writing, and letters. Legal appearances are billed at a higher rate. Quick phone contacts (less than 5 minutes) are not billed.

## **CONFIDENTIALITY AND INFORMED CONSENT**

I understand that my right to privacy is protected by federal and state laws and that I am the holder of privilege within the client/clinician setting. I understand that this means information discussed during treatment at Miami Counseling & Resource Center ("MCRC") is confidential and that no information can be released to anyone outside MCRC without prior authorization from me, with certain exceptions, as outlined below:

1) I understand and give permission for my clinician to consult with other professionals and employees at MCRC since they are members of MCRC's own in-house treatment team, which may include therapists, nutritionists, psychiatrists, or another therapist who is seeing other members of my family.

It may be necessary at times to share routine information with a physician, nutritionist, psychiatrist, school or trust counselor, or other professional in the community who is treating or involved with you in some way. These disclosures will be discussed with you in advance and you will be asked for a signed consent prior to any such disclosure.

2) I understand that there are several exceptions to the client/clinician privilege. Your clinician is obligated under law to report the following:

- a. child abuse
- b. elder abuse
- c. abuse of disabled or mentally ill persons
- d. when required by court order
- e. harm or potential harm to self or others ("Duty to Warn")

3) I understand that if I choose to use health insurance to cover the cost of treatment, protected health information (PHI) is frequently required by the insurance companies in order to access benefits and determine medical necessity.

By signing below I am consenting to the use and disclosure of protected health information (PHI) with insurance companies by MCRC for purposes of treatment, payment, and health care operations.

4) Because privacy in treatment is often crucial to successful progress, I understand and agree that treatment for children and adolescents may require that the parents or guardians waive their right to their children's records. We will provide the parents/guardians with general information about the progress of the child's treatment and attendance at sessions. If we feel, however, that the child is in danger or is a danger to someone else, we will notify the parents of this concern.

5) I understand that communication and web-based scheduling over the internet and/or using the electronic email system is not always encrypted, not a confidential system, and inherently insecure. There is no assurance of confidentiality when communication is done in this way. Nevertheless, I agree to its use in my treatment as a means of communication and sharing of treatment or testing information. I agree to communication in this manner and accept full responsibility for messages to my email address(s) and/or other information transmitted via the internet.

6) I understand that neither Miami Counseling & Resource Center (MCRC) nor my clinician provides supervision for minors who are in our building. Arrangements for their supervision need to be made by me in advance and their supervision is my responsibility.

**INFORMED CONSENT AND AUTHORIZATION FOR TESTING AND TREATMENT**

I am aware that the Notice of Privacy Practices for Protected Health Information (PHI) is posted in the waiting room and I have received a copy. I have read and understand the information contained on the prior pages of this form. My signature below indicates my understanding and agreement to this information, and I hereby consent to the professional procedures deemed appropriate for evaluation and treatment; and where treatment is for a minor, I am authorized to consent for his/her evaluation and treatment.

Should it be necessary for the Miami Counseling & Resource Center to obtain the services of a collection agency and/or an attorney to collect an overdue balance, the undersigned agrees to pay all reasonable attorney's fees, collection expenses, and court costs incurred in any such action. Balances that have been outstanding over thirty (30) days will begin accruing interest at a rate of 1.5% per month. Interest will continue to accumulate on a monthly basis and will be added to the balance until the entire bill is paid.
